20 Hours' Debate About to Begin on Panama Canal Repeal

Tremendous Fight Expected When First Gun Is Fired

BULLETIN.
WASHINGTON, March 26.—A rule to limit debate on the Panama canal tolls exemption repeal bill to 20 hours was presented to the House at 4 o'clock this afternoon. A vote on the rule was expected before adjournment.

WASHINGTON, March 26.—President Wilson declared today that with the united protest of the South American press, the opinion of the entire world was unanimously in favor of the repeal of the Panama toll exemption.

WASHINGTON, March 26.—Democratic House leaders abandoned the idea of only 15 hours' debate on the Panama tolls exemption repeal today and agreed to 20.

Confronted by the most important legislative struggle that the present administration has experienced, the President's supporters in the House today prepared to draw upon their resources to the limit to carry the contest over the bill to repeal the provision of the Panama canal act granting free passage to American vessels. A sharp and vigorous debate extending over the rest of the week, and possibly into next week, was expected by those in charge of both sides of the controversy.

DIVISION IS SERIOUS.
The division in the Democratic ranks, the first serious defection that has occurred since the President's question of administration policy, and the general elimination of party lines in the contest, promised a bitter fight; although the leaders of the President's followers expressed confidence that they would pass the repeal bill by a substantial majority.

When the House met today there remained a few pages of the rivers and harbors appropriation bill to be disposed of. It was understood that Chairman Henry of the rules committee was then to present the special rule limiting the debate on the Sims bill, repealing the free toll action, to 15 hours.

SPECIAL RULE.
Such a provision in a special rule brought on soon after the House assembled today divided the time so as to give 10 hours for those supporting the repeal, to be controlled by Chairman Adamson of the commerce committee; five hours for the Democrats opposed, to be controlled by Representative Doremus of Michigan; four hours for the Republicans, to be controlled by Representative Knowland of California, and one hour for the (Continued on Page 2, Col. 2)

S. P. SHOWS LOSSES

The Gross Revenue Decreased \$3,201,127 for Eight Months.

SAN BERNARDINO, March 26.—For the eight months ending February 28, 1914, the Southern Pacific Company showed a decrease in gross revenue of \$3,201,127, and a decrease in the revenue in excess of operating expenses and taxes of \$4,506,748, according to announcement today.

During the same period there was an increase in operating expenses of \$492,642, an increase in taxes of \$311,957, and an increase in total expenses and taxes of \$1,305,620. For the single month of February, 1914, as against the corresponding month in 1913, the decrease in gross revenue was \$502,319 and the decrease in revenue above operating expenses and taxes was \$464,810, while the increase in taxes was \$77,879 and the increase in all expenses including taxes was \$138,069.

Kilfoil Accuses Child of Murder

Chicago Believes Women Deputies Are Talking Too Much

CHICAGO, March 26.—Because women deputy assessors have been talking too much the board of assessors yesterday issued an order stating that deputies will be discharged from the service if they make public information regarding their work.

Chicago newspapers yesterday printed stories regarding the work of women assessors in several fashionable homes on Lake Shore drive. The stories told of onyx bath tubs, expensive tapestries, hydroaeroplanes and rare paintings. Numerous complaints were made to the board by families in a detailed description of whose household effects had been made public.

"In the future all deputies in the field will make their reports to the board daily and will be held responsible for any information regarding their work that becomes public," read the order. "Failure to obey this order will result in peremptory discharge."

"This order is made necessary by recent developments in connection with the work of women deputies, but the board wishes it understood that no blame is attached to the women."

PLEADS FOR WOMAN'S LIFE

Attorney Makes Final Argument in Drown Murder Trial

Women thronged Superior Judge Ogden's courtroom today where counsel for Mrs. Millie Drown made a final plea for her acquittal on the charge of murdering her husband, Archer C. Drown, last October. The portion of the large courtroom set aside for spectators was filled to its entire seating capacity and many stood along the walls and in the corridor, where through the open doors they were able to hear the ringing words of defendant's counsel as he addressed the jury. Women from all walks of life were there and men, too, in large numbers. They arrived nearly two hours before court convened and at no time did not venture outside for fear of losing their places. Many of them during the recess brought to light hidden refreshments, books and magazines with which to while away the intermission. One prominent woman spectator produced a well-filled thermos bottle from which she poured hot tea for herself and two companions. By the time court again convened all evidence of the indoor picnic had been cleared away and all was composure.

It was evident that those in attendance had heeded the warning of Judge Ogden, made yesterday, that there should be no demonstration. "The decorum of the courtroom must be kept," said his honor. "Otherwise the room will have to be cleared and those who manifest their feelings in audible form will be punished for contempt."

The "little woman in black" sat quietly in the position she has occupied during the nearly four weeks of her trial. Beside her was Attorney John F. Leicester, law partner of her brother-in-law, Willard N. Drown, and for the first time during the trial another member of the Drown family appeared in court. Miss Gertrude Drown, sister of Archer C. Drown, sat by the side of her brother's widow during the closing argument of the defense.

Counsel dwelt upon the theory of insanity of the defendant. The vast amount of evidence in the case was summed up from all angles with a construction placed upon points which had not been brought out clearly in every respect. The lengthy oratorical effusion was a plea for the life of the woman-defendant rather than a strict argument. Controversy of opinion arose as to how and where the motive or impression upon the jury should be made that there should be an extenuation for the crime of murder under the circumstances.

It was stated that the defense would close its argument this evening. District Attorney Hines will make the final argument for the people tomorrow and it is expected that the case will be given into the hands of the jury tomorrow night.

SAYS GIRL FRENCH IS POISONED OUT OF SISTER

Dead Woman's Brother Points Finger of Guilt at Alleged Victim

Outsiders Give Her a Deadly Potion to Ad-minister, He Charges

LOS ANGELES, March 26.—Mary Kilfoil, who died mysteriously last January, was murdered, and her brother, Philip Kilfoil, now in jail charged with an offense against Lillian Palmer, aged 14 years, has issued a statement through his attorney to the district attorney today, that the Palmer girl committed the crime. Miss Palmer, about to enter the travail of maternity, is in a hospital in San Diego in a critical condition.

Kilfoil's accusation against the supposed girl was in the form of a signed statement. The accusation, according to Walter V. Dyer, his counsel, was made at the request of Kilfoil's sister Julia, who pleaded with him to reveal anything he knew concerning the death of Mary, and clear any suspicion against himself. Just after his arrest several weeks ago, Kilfoil's alleged connection with the death of his sister was investigated. Miss Kilfoil died of poison ing after drinking chocolate at breakfast. It was supposed that the chocolate was treated with an alkaloid poison. Miss Palmer, frequently a guest at the Kilfoil home, was at breakfast the day Mary Kilfoil died and in the declaration issued today Philip Kilfoil declared she used rat poison to kill his sister.

GIRL CONFESSES.
Kilfoil said the girl confessed to him the night after his sister Mary died. Outside persons gave her the poison to administer to him, but told him, according to the statement, that she intended rather to take it herself on account of her condition, but had not the courage.

The statement gives no reason why the little girl should have sought the life of her brother, but Kilfoil declares he tried to comfort her with the statement that as Miss Kilfoil had been an invalid many years she had conferred a favor upon her sister by taking her life and ending her sufferings. Who the persons were who gave her the poison, Miss Palmer refused to tell Kilfoil, she claims to assert.

Kilfoil said he told the story to a priest when he was stricken with heart trouble last month, and believed he was about to die. His statement concludes with the declaration: "I solemnly swear the foregoing is the truth."

OTHERS AFFECTED.
The poison that killed Mary Kilfoil also affected Miss Palmer and other persons who partook of the breakfast at the Kilfoil home.

After a conference with the attorney and John Kilfoil, Philip's brother, John D. Fredericks, district attorney, said the story involving Miss Palmer merited a full investigation.

"The Kilfoil case has been the most difficult of solution that ever engaged our attention," said Fredericks, "but no story should be held to until investigation warrants."

"We are now on the side of the prosecution," said Kilfoil's attorney.

SAN DIEGO, March 26.—Lillian Palmer today is in the final stage of her illness and a crisis is expected at any time, according to her physician. He flatly refused the men to allow any one to visit himself and the nurse to see the girl, stating that to do so might endanger her life. Her child is expected at any time now, he said.

Wanted: 350,000 Doz. Eggs Monthly Here

"Wanted—350,000 dozen eggs monthly in Oakland." This is the call issued by Secretary A. A. Denison to the poultry raisers of Petaluma—the eggs being wanted, however, according to Denison, if they can be shipped direct without being taken from Petaluma to San Francisco and then across the bay. According to Denison, eggs are shipped four times the distance from Oakland to Petaluma to reach the local markets, this adding materially to their price.

said Denison, "or any other shipment system cutting down this distance will mean cheaper eggs, and commission man or shipper trying it will be able to sell eggs in Oakland cheaper than anyone else. I have had the matter before the poultry organizations of the district, and hope that a means of reducing the price of eggs may be arrived at."

FIELD MARSHAL LEAVES THE SERVICE OF ENGLAND

Ulster Crisis Is Again at Point of Most Serious Climax

LONDON, March 26.—Field Marshal Sir John French, chief of the Imperial General staff of the British army resigned his commission today.

LONDON, March 26.—Premier Asquith was brought face to face today with a new crisis by the resignation of Field Marshal Sir John French, chief of the Imperial staff, and virtual leader of the British army.

Other leading officers of the army were also expected to hand in their papers as a direct outcome of the repudiation of the guarantees given to army officers in Ireland. The premier yesterday declared that these guarantees were not sanctioned by the cabinet.

Colonel Seely, secretary for war subsequently resigned from the cabinet but the premier refused to accept his action. The result of a meeting at the War Office of the principal commanding officers of the British army was awaited with anxiety by the general public and in political circles today as it was thought they might take some step which would virtually disrupt the army administration.

In the north of Ireland where the controversy between Nationalists and Unionists has been the cause of so much difficulty to the British government there was no disturbance today. The two parties were seemingly content to await events in London.

LONDON, March 26.—Although it was generally conceded today that Premier Asquith had regained the upper hand in parliament, the government is by no means altogether out of trouble. It has still to deal with the army officers in Ireland under the new conditions established by the Premier's speech in the House of Commons yesterday. Brigadier General Gough says that this will mean wholesale resignations and the disruption of the army.

The Premier's speech won back the support not only of the liberals, but of the Irish and labor members of parliament by the stand it took in repudiating the guarantee given to the mutinous army officers in Ireland that they might decide whether they would serve against the Ulster Unionists.

It is now asserted that as soon as (Continued on Page 2, Col. 3)

S. S. Maui Reports Safe Port Arrival

HONOLULU, March 26.—The Inter-Island Steamship Maui, reported to have gone down last night with all hands after a terrific explosion, reaching the harbor safely, after an uneventful voyage.

Nevertheless the reports of an explosion of some sort off Pearl Harbor are so circumstantial and come from so many independent sources, that it is still believed some vessel must have blown up.

The tug Navajo and the privately owned tug Intrepid, together with many launches are still cruising for wreckage or bodies.

Many persons think it probable that a large gasoline-filling sampan from Japan blew up and was mislaid in the harbor off the Maui watchers on shore.

Would Use Cruisers In Opening Traffic

WASHINGTON, March 26.—With a view to developing communication between the United States and South America, Senator Weeks, Republican of Massachusetts, introduced a resolution today for establishing a line of naval cruisers to carry passengers, freight and mail between New York, New Orleans, Valparaiso, Chile, and intermediate ports.

Senator Weeks designated the vessels to be utilized for such service the cruisers Columbia and Minneapolis, and the scout cruisers Salem, Chester and Birmingham.

WEDDINGS ARE RIGHT--- BUT ONLY IN THEIR WAY

Mrs. Harvey Christensen, whose husband was called back to training camp.

Don't Make Men Play Better Baseball, Says Harvey Christensen, State League Star

Weddings are all right, in their way—but they don't make a man play better baseball—and some people, even though wedded, must play baseball to eat. Wherefore, Harvey Christensen, State League star, who forsook training quarters at Boyes Springs to claim a bride Miss Ruth Enos of Stonehurst, has been ordered by a stern and unromantic management to return to the diamond and the padded baseball mitt—unless he wants to earn a name for his bride in some other way. And, as even a baseball idol must eat, the honeymoon has been put off, and the ball player is going back to the training camp.

Christensen, who is a San Leandro boy, was married to Miss Enos in San Francisco, the wedding plans being kept a deep secret until all was over. The couple returned to Stonehurst, where they planned a spend a week or so before the ball player returned to training camp. The management, however, felt differently, and he is going back now.

BACKS PRESIDENT FIREMEN KILLED

Senator From Maine Says We Have Used Toleration in Mexico.

PORTLAND, Me., March 26.—Charles F. Johnson, United States Senator from Maine, praised President Wilson and defended the administration's Mexican policy in addressing the Democratic state convention today. With reference to Mexico, Senator Johnson said:

"We have waited patiently, because we are big enough to exercise toleration, for Mexico to settle its turbulent affairs, hoping that a deliverer may appear among its people as one has appeared in the history of all nations."

He said that the refusal to recognize the government was justified by the belief "that out of the present disturbed condition will come a better Mexico, guided by the spirit of constitutional liberty which we have encouraged and aided by our spirit of cooperation and assistance."

Senator Johnson declared that the new tariff law had not had an injurious effect on any legitimate business and that its benefits were not seasonal. He characterized the income tax as "the most equitable law ever laid on a people," and the bank and currency act "a most beneficent law."

Rivers and Harbors Bill Passes House

WASHINGTON, March 26.—After many days of debate the rivers and harbors bill, carrying an appropriation of \$13,400,000, was passed by the House today without substantial amendment. The measure now goes to the Senate.

DYNAMITE IN AUTO LOOT SAFE

San Lorenzo Citizens Fired on in Daring Robbery

Three Desperadoes Hold Many at Bay; Terrify Town

Dodging a hail of revolver shots, and escaping into a waiting automobile, postoffice bandits last night fought a street battle with residents of San Lorenzo who sought their capture, following the blowing up of the postoffice safe. The bandits escaped after exchanging shots with Martin Anderson, leader of the posse. Owing to the darkness no one was hit.

The bandits sped toward Alvarado in a heavy touring car in which they took refuge after obtaining \$150 in gold and some stamps from the shattered safe. The explosion shook the town and aroused the entire neighborhood. Men staying in the hotel near the office sought to apprehend the trio of bandits, starting the pistol battle.

USE NITRO-GLYCERINE.

The men had placed a heavy charge of nitro-glycerine in the safe, which was in the combined store and post-office of Herbert Schluter, near the hotel. Anderson, who lives in the hotel, was the first man to reach the store. He was greeted by a series of revolver shots and ordered to "shut up." Other men coming to the place received the same order.

The three bandits backed into the street, and the crowd followed them. It is thought that they proceeded toward San Jose, and a posse hastily organized by Constables W. J. Ramage and Manuel Borge, is now on their trail. The San Jose and Fresno authorities have been notified and are on the lookout for the men.

TAKES PLACE AT 2.

The robbery took place at about 3 o'clock this morning. The three men had evidently come out the Hayward boulevard and then down the San Leandro road from East Fourteenth street. They stopped their machine, a heavy touring car, on the San Lorenzo side of the railroad track, a few feet from the postoffice, which they entered by "limboing" the door.

The safe stood behind a letter case and counter and this protected the bandits from view through windows until they had prepared for the explosion. A report and the crash of the safe door was the first intimation the residents of the town had of trouble.

HOTEL IN UPROAR.

The explosion shook windows for a distance of several blocks and threw the San Lorenzo hotel into an uproar. Anderson, the man shot at, was the first to reach the scene of the explosion and several others followed. Constable Dorge, in San Lorenzo, was telephoned of the affair immediately and was on the scene shortly after the robbers had made good their getaway.

Anderson declares that he got but a fleeting glance at the men and could not describe them. It was dark and their machine's headlights, pointed toward the hotel, blinded anyone leaving the premises.

COVERED BY ROBBERS.

While Anderson and a crowd of others stood near the scene of the robbery, the robbers entered the car. As the three men turned to do so, Anderson drew a gun and opened fire, which was returned from the auto. No one, however, was struck. Residents, awakened by the shots, gathered about the place, and the constable arrived at the postoffice was the center of an excited crowd.

The car was blown from its tracks and the robbers were caught in nets by the firemen and were uninjured.

LISTEN MOTHER, DO BE CAREFUL

If Child Is Cross, Constipated, Sick, Give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When belching, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, gives a nervous, restless, fretful cry. Give "California Syrup of Figs." and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "tasty" and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet. Keep it handy, Mother! A little given today saves a sick child tomorrow but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

MAY ASSUME CHARGE OF TRANSCONTINENTAL ROAD

Joseph T. Caine, managing director of the Oakland Commercial Club, president of the state association of commercial associations and state council of the Lincoln Highway Association, may soon assume full charge of the local campaign for the transcontinental road, following the withdrawal of R. E. Fredrickson, consul-at-large, from the field. Fredrickson is now in Los Angeles, and will soon leave for the east. It is understood that the heads of the association believe a local man will be better able to handle the situation, and on this account favor leaving the entire matter in Caine's hands. Whether Fredrickson is to resign or take up work on the highway matter in the east has not been determined. Caine when asked if he would accept the position of consul-at-large, declared that in his estimation it would not help the work, and that he could do as effective service as state director, the position he now holds.

LEADER DENIES PUBLISHED REPORT

R. E. Keyser of Labor Council Repudiates Alleged Interview as Published.

EDITOR TRIBUNE: In an interview with a Chronicle reporter, many statements credited to me and published by that paper are absolutely maliciously false—I will state all the remarks made by me on the subject. I want the motive for my making any statements at all about the matter, understood. As president of the Alameda County Central Labor Council, I am opposed to that body taking any political action, and made that statement on the floor of the council on many occasions. When a motion was made at a recent meeting of the Central Labor Council to endorse Hiram Johnson and the Progressive party, I stated that this matter was not a proposition for the council, but was a matter to be decided by the rank and file of the council.

CALLS IT MALICIOUS. The single purpose of the Chronicle article seems to be malicious in all its import, and is in keeping with its known attitude towards organized labor. Under a sub-heading entitled "A Typical Vote," the utmost misrepresentation is used. They include seventeen unions as stating that they refuse to endorse the resolutions submitted to them, for when as a matter of fact several of the organizations named have endorsed the proposition, and a majority have taken no action at all. Another statement is made that a Berkeley Carpenter's Union withdrew because of the proposition being submitted to them, which statement was contradicted by a fellow delegate of the union who stated that their action in withdrawal was prompted by other motives which every delegate who attended that meeting of the labor council understood.

I quote from the Chronicle the following as a statement made by me: "Back of the effort to secure the endorsement by Alameda county labor unions of Hiram Johnson and his administration, is a deal made between E. H. Hart, who wants to be an Oakland city commissioner, and M. J. Kelly, who represents the state administration in Alameda county. Hart, who is a labor union man, was to secure the endorsement of the unions, and in return Kelly was to support him for city commissioner."

MAKES DENIAL. I will state positively that every word of the above is a lie, and all together form a tissue of falsehood that emanated entirely from the perverted brain of the Chronicle. I only repeat that I do not know M. J. Kelly, and do not know of any coalition between him and E. H. Hart, either by my own knowledge or report. And it only shows to what depths an alleged "newspaper" will go, to publish false news, and misrepresent to the public, that which is for the benefit of themselves and the party they represent. I am sending a copy of this letter to the Enquirer, Bulletin, TRIBUNE, and Chronicle that all the publicity possible may be given to my emphatic denial of the dirty falsehoods published in the Chronicle.

R. E. KEYSER, President Labor Council.

CONGRESS READY FOR TOLLS FIGHT

The Line Up on Panama Canal Question Is Now Moot Problem of Day.

(Continued From Page 1.)

Progressives, to be controlled by Representative Lafferty of Oregon. There was a tacit understanding that the debate on adopting the special rule would be more limited than was first proposed and probably would be held to two hours or less. These arrangements cleared the way for the launching of the actual fight in today's session. Nearly 100 speeches have been prepared on both sides of the question and the fight promises to be the most spectacular since the Democratic administration came into power.

OPENING SKIRMISH. With the opening skirmish in the House the first guns were being heard in the Senate. Senator Owen delivered a speech supporting President's contention for a repeal. President Wilson conferred with several Congressmen before the House convened. Representatives Coughlin of Maryland and Bell of Georgia, ready to line up in the administration forces, told him there would be a majority of at least 50 on the passage of a special rule and of about 75 or 100 on the adoption of the repeal. Just as both sides were prepared for the beginning of the struggle and House galleries were packed with an expectant crowd, another delay cropped up. Although the rivers and harbor bill was in direct line to be speedily finished to make a place for the tolls repeal bill, Representative Fitzgerald, Democrat, fighting the repeal, brought up the conference report on the Panama Canal bill.

CONFERENCE REPORT. A conference report always is in order under the House rules so that discussion of the rivers and harbor bill which still had the right of way over the Panama bill. To add to the delay, the conference report contains a provision for paying for the care of the Mexican refugees from Ojinaga at Port Bliss. That question, much disputed, precipitated a near filibuster and long debate. The parliamentary situation was such that the actual debate on the Panama bill was several hours off.

Disturbing Kidneys Cause Much Misery. Disturbing bladder weakness at night, tired, nervous, run-down men and women who suffer from kidney troubles. Kidney Pills restore health and strength and the regular action of kidneys and bladder. Mrs. Julia Barnes, Bowdon, Ga., writes: "I suffered with terrible headache, backache and bearing down pains, so bad I was hardly able to get out of bed. Took three bottles of Foley's Kidney Pills and they have been cured. Sold everywhere."

Jumps On Behind Dare Costs Life

WALTER SCHWENGEL.

Just 'cause a feller's six is no reason for not taking a dare, is it? Walter Schwengel didn't think so and he jumped on behind a motor truck, yesterday, when two playmates scoffed at his claims to courage. He hadn't learned the lesson that discretion is the better part of valor. Also, he underestimated his strength, like any boastful man, and fell beneath the wheels. Horrified bystanders carried him home, dead. W. J. Dobbert was the driver of the machine and he drove on for nearly a block before he was made aware of the accident. There are two other youthful Schwengels and a sorrowing mother has already begun teaching them that "frail cat" won't break any bones.

ARMY SHOCKED BY FRENCH'S ACTION

Field Marshal Sends in Resignation and Complicates Ulster Situation.

(Continued From Page 1.)

The government formally withdraws the guarantees given by Colonel Seely, secretary for war, and Field Marshal Sir John French, the officers will again resign their commissions and, as one of them said, "this time in earnest." There is also to be settled the question of what the army council will do. Many Liberals think Premier Asquith should have accepted the resignation of Colonel Seely, for he always has been suspected of being really more Unionist than Liberal in his sympathies.

WEINSTOCK TO SPEAK BEFORE DRUG CLERKS

Colonel Harris Weinstock of the state industrial accident board, will be the speaker tonight before the California Drug Clerk's Association, at its meeting in the Hotel Oakland. The drug-clerks will gather for an informal evening, during which the Sacramento merchant and accident commissioner will be heard on state laws affecting store employees.

hinges by the heavy charge, and papers and contents destroyed. The men made no attempt to steal anything in the store, contenting themselves with cash and stamps, and avoiding money order blanks. According to Constable Ramage the work was that of amateurs, as the charge placed in the safe was far too heavy. Counters were battered and the wall of the store sprung by the explosion. Constable Ramage impressed an automobile into service, and has placed several deputies on the trail of the morning bandits. The sheriff's office has been notified.

The job bears all the earmarks of the same operators. We are looking over San Lorenzo canyon, and at the same time watching other cities for clues. There is not much evidence. BLOW UP SAFE.

LOS ANGELES, March 25.—Robbers blew open the safe of the Bank of Eagle Rock early today. This was the second time within 4 months that robbers have entered the bank. Last December Ralph Cartella, a young Mexican, was driven out by a woman cashier. Last night the safe-blowers wrecked the safe door. The sheriff said they obtained between two and five hundred dollars. Bank officials declared, however, that they left empty handed.

Fleet Ordered From Vallejo to Honolulu

VALLEJO, March 26.—Orders were received at Mare Island this afternoon for the Alert and four submarines of the F. group to proceed to Honolulu as soon as they can be put in shape. It is expected that the fleet will leave here in July for the 2100-mile voyage.

ROTARY CLUB MEMBERS GATHER AT LUNCHEON

The Oakland Rotary Club met this noon at the Hotel Oakland to hear further discussions by members on "How I Earned My First Dollar," a series of talks being given by members at the weekly luncheons. About 100 guests attended the affair.

Chappell Goes Under Knife of Surgeon

Larry Chappell, the Chicago ball player who has been in a local hospital for two weeks threatened with blood poisoning, was operated on today by Dr. Dudley Smith. Chappell's infected arm was lanced and the wound drained. It is believed that all danger has been removed and that Chappell will be able to join his teammates in time to start the season with them.

First baseman Halstein, who suffered a splintered ankle bone in an exhibition game across the bay a week ago, will be sent home tomorrow. He will not be able to play for at least a month.

MISS LOUISE BAKER, A FAVORITE IN THE YOUNGER SET.

TWO young matrons of Oakland society were guests of a third, informally, a luncheon the other day. They had been asked in the most casual manner and hadn't counted on the formality of menus. It was rather over-powering and left them wondering if they were awfully behind the times in table etiquette.

One of the guests remarked them, "Aren't we very formal with menus?" she asked.

"Why, I always have menus," the hostess answered, "even when I'm alone."

This was impressive. The two young matrons were conscious of a deplorable provincial simplicity that had never considered menus for meals en famille.

Afterward they inquired, and it was reassuring to discover that the Crocker and Spreckels without menus most of the time. It is only introduced for formal affairs and they haven't very much meaning then, considering their uses. It's quite impossible to order from them. One takes the things as they come and the names are of little consequence. Place cards are more important. There were no place cards, by the way, at the Piedmont luncheon.

BRIDGE LUNCHEON

Mrs. Robert A. Collins was hostess at one of the most delightful bridge luncheons of the spring season, at her home in San Leandro next Tuesday. Luncheon is to be served quite conventionally in the dining room of the Collins residence, but later the guests will adjourn to the garden where card tables will be placed on the lawn beneath the trees with their branches of fruit blossoms that are blooming in a wealth of fragrance and color.

The affair is to be in honor of Miss Pearl Cawston, the fiancée of John Filmore, and it was set for a day in Lent in order to insure the presence of Miss Luette Mauvais, who is a close friend of the hostess and guest of honor, and whose days before her wedding, Easter week, are filled with engagements. A score of guests will be entertained, including Mrs. W. G. Hendrick, Mrs. Tyler Henshaw, Mrs. Spring, Mrs. Frank Watson, Mrs. John Steyer, Mrs. Vance McClintock, Mrs. Frank Davis and Miss Mary Merrick.

MISS MAUVAIS ENTERTAINED.

Mrs. Frank Watson's tea this afternoon for her sister, Miss Luette Mauvais, was an informal affair at which the guests were members of the family and the circle of close friends of the attractive bride-elect. Among them were Miss Mary Merrick, Miss Norma Upham, Mrs. Zeno Mauvais, Mrs. William Asher, Mrs. Jack Johnston, Mrs. W. J. Lander, Mrs. John Steyer, Mrs. Spring, Mrs. Frank Watson, Mrs. John Steyer, Mrs. Vance McClintock, Mrs. Frank Davis and Miss Mary Merrick.

GUEST AT PALACE.

Mr. William Asher who will give a tea at the Hotel Oakland tomorrow afternoon in honor of Miss Luette Mauvais, is visiting Mr. Asher's mother, Mrs. Walter Seymour, at the Palace Hotel. With Mr. Asher, she will return to her ranch near Glen Ellen next week, but will come to Oakland later for the wedding of Miss Mauvais and Mr. Downs.

MRS. DINAMORE A HOSTESS.

Mrs. Walter V. Dinamore was hostess at a large luncheon at next Hotel Oakland today for which many of the guests

DANGER IN LOW SHOES

By LILLIAN RUSSELL

ONE of the greatest dangers of the present fashion to be contended with is the wearing of the tango or low shoes through this cold weather. I have seen women walking on the streets in satin slippers and thin silk stockings. I cannot imagine what lack of ordinary sense permits such actions. We know that the ankles and wrists are the most delicate and sensitive portions of the limbs. Our grandmothers knitted us

protect those extremities in extremely cold weather. Where is that old-fashioned sense of protection now? We never see such things, much less wear them. But we should protect our ankles in some way. A woman is at a disadvantage in any case, with loose skirts flapping about her ankles, making a veritable draft at every step. She should wear a high laced or buttoned boot or spats.

The little cloth we have made to match a gown, are smart and comfortable, and at the same time easy to remove when one dances in the afternoon. But no woman should expose her limbs to the cold winds of winter. Pneumonia, grip and worse ailments must be the result from such negligence. The cold strikes the ankles first. Notice any woman who goes about in cold weather with unprotected ankles? Her nose will be red and blotchy from congealed blood, her eyes will become watery, and her face raw and blistered.

A woman who is not too proud to wear warm covering over her ankles will have perfect circulation, which prevents red noses and blistered cheeks. Common sense is a wonderful protection from illness. One can't help but admire the woman who protects her health at the expense of the ultra-fashionable underdress. Woolen underwear is not a necessity so long as heavy overclothes are worn out of doors. But high, sensible boots are absolutely necessary if one prizes health above all things.

Remember: Nothing can be enjoyed without the good health to enjoy it.

Lillian Russell

VICIOUS DOG ATTACKS LAD RIDING BICYCLE

A vicious dog last evening attacked Leade Bridgman, a schoolboy living at 34 Twenty-second street, as the boy was riding a bicycle at Curtis and Twenty-first street. The dog rushed out of a yard and attacked the boy. He leaped upon him and bit him in the leg, drawing him from his machine to the ground. The animal was beaten off by passers-by and the boy was taken to his home.

The police were notified and will make an investigation. The dog is to be put under inspection at the pound, and it is feared that the animal may have the rabies.

HERE'S THE WAY TO GROW THIN GIVE SKYSCRAPER CURE A TRIAL

VILMA STECH, ILLUSTRATING NEW YORK SOCIETY'S LATEST METHOD OF REDUCING. SHE SWIMS THROUGH THE AIR AND GAZES AT THE CROWD BELOW. RESULT: THE ATTAINMENT OF PHYSICAL COURAGE AND THE LOSS OF FLESH.

Beauty Hint of an Entirely New Character

NEW YORK, March 25.—Beauty hints: Lie across the parapet of any skyscraper, wave your feet and gyrate greetings with your arms to the folks below.

Certain cure for stoutness and a rapid fire method of attaining courage, to say nothing of a preventative of fatigue.

Mrs. Carlton Wilde, wife of a banker and Mrs. P. Ralph Fairbank, a wealthy widow of New York, offered this suggestion to friends, one day this week. Their hearers poo-pooed. "Would dare the soles of the crowd and risk the anger of the police to attain physical beauty and courage?"

"I will," said Mrs. Fairbank. "Watchme," echoed Mrs. Wilde. And they did—and were watched. A crowd gathered in the street below, looking up at the skyscraper building yesterday, and answered the unique greetings of the women above. A policeman scattered the gathering and made inquiries. Then the beauty secret came out.

"It's the best exercise I know," declared Mrs. Wilde, "and it's a great height either frightens you out of several pounds or gives you courage. The swimming motions are certain reducers of flesh."

The demand for room on skyscraper parapets has doubled over night.

AMERICAN ACTRESS MAY GET ALIMONY

NEW YORK, March 25.—Nance Gwyn, a dancer, whose real name is Nance Fabia Williams, will get \$23,000 alimony from Charles Homer Williams, member of the art firm of Thomas Agnew & Sons of London, after a divorce suit for divorce is confirmed and a decree awarded to the actress.

A stipulation attached to the report of Timothy A. Leary, who heard the case as referee, states that Williams agreed to pay his wife \$200 alimony pending trial of the suit and a counsel fee of \$500 to her attorney. In case she gets the divorce, she will receive \$15,000 within a week, \$10,000 more within two years and the remainder in three years. The defendant has an income of more than \$20,000 a year.

WOMAN BUILDS FIRE NAR MAGAZINE

KENVIL, N. J., March 25.—Mrs. Mary Mordecai of Wharton, who had been missing for several days, was found today beside a fire which she had started close to a powder magazine at the Hercules Powder Works, which, if ignited, would have shaken northern New Jersey.

She was taken home by her two sons. She is eccentric and occasionally leaves her home without any apparent reason.

Employees at the powder works saw smoke arising from near the magazine and while many of the men ran as fast from the place as their legs would carry them, one youth ran to investigate and found the woman sitting beside the fire.

WIDOW TO GET THIRD OF ESTATE

LOS ANGELES, March 25.—Ex-Judge D. K. Trask, who died recently after being stricken with apoplexy in a courtroom, left an estate valued at approximately \$135,000, according to a petition filed today by the widow, Mrs. Ida Folsom Trask.

Mrs. Trask asks to be appointed administrator. Judge Trask did not leave a will, which will cause the estate to be given one-third to the widow and the residue to the children in equal amounts.

PIERCE AND YOUNG WIFE PARTED

LOS ANGELES, March 25.—That a separation has occurred between Roy L. Pierce, son of H. Clay Pierce, millionaire head of one of the subsidiary companies of the Standard Oil Company, and his

young wife, who was Miss Virginia Burroughs, daughter of H. Clay Pierce's second wife, became known yesterday. Friends and relatives of the couple believe the breach is permanent.

The matrimonial differences of Pierce have been the talk of America and France since 1909, when he married Miss Resse Faulkner-Chapman.

In 1909 the marriage was annulled, the wife receiving a lump sum of \$200,000. Six weeks later, March 12, 1912, Pierce eloped with the daughter of his father's second wife.

WASHINGTON SOCIETY IS IGNORING LENT

WASHINGTON, March 25.—Lent is a lost equation in Washington society nowadays, there being practically no observance of the penitential season, either in official or social circles.

The members of the Congressional Club met last night and had a merry dance in the clubhouse. Rear Admiral and Mrs. Peary gave a dinner at the New Willard to Vice-President and Mrs. Marshall and several informal dances and dinners in the diplomatic corps capped a lively day.

KILLS NEPHEW AND THEN SHOTS SELF

OROVILLE, March 25.—A double tragedy in which Russell Crismon, proprietor of the Electric Meat Market of this city, shot and killed William Hobart, his nephew, an employee in his shop, and then committed suicide by blowing out his own brains took place at the Crismon ranch, a mile south of this city, on the Palermo Road at 11 o'clock last night.

The deed followed a day of quarreling between the nephew and his uncle. It is highly probable that a fight preceded the killing. The tragedy took place in a bedroom on the second floor of the house.

GENERAL VILLA IN FLIGHT, REPORT

OAKLAND TO BE ON BIG HIGHWAY

By Time Exposition Is Opened Roadway Will Be Complete

Mt. Diablo Section to Be Tapped by New Lines

By the time the Exposition opens Oakland will be connected with Stockton, San Jose and Santa Cruz over lateral routes of the State Highway system, according to announcement of the commissioners in Sacramento today. The route to Santa Cruz via San Jose will be a portion of the so-called "wishbone" route while the highway to Stockton will be one of the lateral routes of the Sacramento valley highway stretching the length of the state. With the bonds already purchased by Alameda county, amounting to \$400,000, it is assured that this expenditure will be made on the highways within the county and work will be commenced at an early date on the road from Hayward through Niles thence on to San Jose. Also the San Pablo road through North Oakland past the city limits into West Berkeley, Albany and on to Richmond will be included in the expenditure so far as is necessary to place it in first class condition and on a par with portions that have already been constructed by the city or county.

THROUGH THE HILLS. From Dublin the highway will connect with the Mt. Diablo section running through Contra Costa county. These improvements, together with the costly boulevard through the foothills of East Oakland and the annexed district, will complete the arteries of smooth automobile travel connecting Oakland with the interior of the State and into the north and south.

With the approval today by the engineering advisory board of calls for bids on the construction of fifty miles of highway in the upper portion of the California State Highway commission announced that the greater part of main artery systems of the new state roads will be either under contract or completed by the opening of the exposition in 1915.

CALL FOR BIDS. The calls for bids today included the following: Siskiyew county, from Hornbrook to Oregon line, eight miles of grading. Have town, 9.9 miles of grading. Tehama county, from southern boundary to Corning, 8.5 miles of 4 ft. concrete. Butte county, from Lindo channel to northern county boundary, 11.2 miles of oiled concrete. Glenn county, Grapitt to northern county boundary, 7 miles of oiled concrete. Sonoma county, from Cloverdale to northern county boundary, 4.5 miles of oiled concrete.

THE TOTAL CONTRACT. In addition to the fifty miles for which bids are thus called, returnable in thirty days, bids are to be received on thirteen contracts, aggregating ninety miles of road, within the next two weeks. This makes a total of approximately 550 miles of state highway in various stages, ranging from calling for bids for the awarding of contracts to the actual stage of completion and acceptance.

With 1915 set as a goal the commission on members asserted yesterday the exposition has been set back fully a year. The delay in financing bond sales, the general response of the last few months has relieved the situation greatly, so that if money is not forthcoming, \$2,000,000 of the original bond issue will have been made available for construction within thirty days.

BONDS ARE SOLD. "Of this \$12,000,000 total approximately \$7,000,000 has been sold while \$2,000,000 more is to be sold at the end of this month and there are pledges of \$2,000,000 more.

"Between San Francisco and San Diego there are only two important gaps for the construction of which neither bonds have been sold or pledges of purchase made. One of these is on the valley trunk line in Tulare county and the other on the coast line in Monterey county."

DRESSES

We make the broad assertion that nowhere can you beat our styles or our prices. We challenge anyone. Silks, Taffetas, Crepes, Cloths, Checks. \$15.00 to \$50.00 regular—now \$7.95 to \$19.95.

Asks Police to Hold Walter G. Campbell

SAN FRANCISCO, March 25.—District Attorney Fickert this morning wired the Portland authorities requesting them to hold Walter Greer Campbell, millionaire, alleged to have drawn a draft on the Sutter Hotel for \$250 which was returned stamped "no funds."

There appears no one ready to make a charge against Campbell and the investigations of the police here have failed to result in showing that the millionaire had done anything.

It is a case of the grand jury tonight and his purpose in sending a telegram to Portland was to prevent the release of Campbell there by the authorities who hold no warrant for him. Several of Campbell's friends in this city have arranged to furnish bail for his release and several of these have called on Fickert and started the idea of the millionaire's having been guilty of any offense.

Mutilate Beautiful Beard of Graduate

STANFORD UNIVERSITY, March 25.—Because they forcibly mutilated with a razor a beard he was attempting to grow, James C. Ray, a graduate geology student of Stanford University, caused the arrest here today of E. B. Hall, Warren G. Cooper and John B. Hunley, fellow students.

Ray, the geology student, claims, broke an unwritten tradition of the department by wearing a chin adornment. As ridicule failed to move Ray to rid himself of the beard, his fellow students resorted to violence, with a razor cut big chunks of the budding ornament, thus destroying it. The victim immediately caused the jokers' arrest, charging them with assault and battery. Hall, Cooper and Hunley were taken from the laboratory by the police. They were later released on \$100 bail each. Three law students will defend them in the Justice Court tomorrow.

Charges Monopoly By Sugar Company

WASHINGTON, March 25.—Charges that the American Sugar Refining Company has for 23 years monopolized the New Orleans sugar market by a "ruthless extermination of competition" and has depressed the price of raw sugar there to \$22.00, 000, to the distress of the planters, were presented to President Wilson today by Donelson Caffery, of New Orleans, who was presented at the White House by Senator Thornton.

Caffery urged that no judgment against the company under the antitrust suit now pending should be entered, nor should any settlement be permitted which would leave the company in control of the New Orleans market. He urged provision in the administration trust bill, particularly the trust commission bill, to meet such conditions as he described.

Mayor Rolph Rescues Dog-Bitten Lassie

SAN FRANCISCO, March 25.—Mayor Rolph, who has played the good Samaritan countless times by bringing injured persons to the Central Emergency Hospital in his automobile, went to the rescue of Eleanor Magidson, a six-year-old girl, who was being attacked by a dog at 9:30 this morning.

The mayor was on his way to his office when he saw the youngster bitten by the canine who had seized her left leg. He left his car, picked up the little girl in his arms and had his chauffeur make a hurry trip to the hospital. The girl, who lives at 3540 Twenty-third street, had been petting some puppies when the mother came along and snapped at her. The wound was cauterized by Dr. Peatty.

Negro of 17 Found Guilty of Murder

TACOMA, Wash., March 25.—A verdict of guilty of first degree murder was returned yesterday by the Superior Court against Roy Selbert Welsh, a 17-year-old negro boy for killing Arthur A. Warden, a school janitor last June. The Warden murder was a matter of much mystery until a few weeks ago when Welsh was arrested in Seattle. Robbery was the motive.

Life imprisonment is the statutory penalty.

Wreck of Liner Is Blown Into Atoms

NORFOLK, Va., March 25.—The wreck of the Old Dominion Liner Monroe sunk in January by the Merchants and Miners' Packet Nantuxet, with a loss of more than forty lives, has been blown up by the revenue cutter Onondaga which returned to port here today.

Four explosions of gun cotton removed all of the wreckage that was a menace to navigation and the coastal lane is again free. No bodies were brought to the surface and thus the statements of the divers that they had been swept out by the strong submarine current were verified.

MOTORCYCLIST DESERTS HIS INJURED VICTIM

N. Harrison, 719 Apsar street, was run down by a motorcycle at Apsar and Grove streets last night and severely injured.

He did not stop to ascertain how badly he had injured Harrison.

The young man was removed to his home and Dr. Joseph Jeremiah Maher was summoned. It was found that Harrison had sustained a fracture of the collarbone and other injuries.

The police were notified and a search is being made for the motorcyclist. His number was not ascertained.

SUMMONS 3 OF HIS STAR PLAYERS

Callahan Tucks Federal "Victims" Under His Wing for Star Work.

(By BILLY FITZ.)

Roused by news that the Federals were after his stars, Manager James Callahan of the Chicago American ball team, telegraphed to Oakland from Los Angeles for Pitcher Jim "Death" Weaver and Catcher Tom Daly to report to him at once, and the three players left on the night train, which will get them into Los Angeles today. In their place Callahan sent to Oakland Pitchers Lathrop and "Red" Faber, the world tourist, and Second Basemen Bergall. The three last players are expected to arrive here in time to get into this afternoon's game against the Oaks on the local ball ground.

Kid Gleason, the veteran coach, has hurried to this city from Los Angeles to care for the squad here and direct the trip homeward, which will begin Sunday evening. The sudden switch followed the story in last night's TRIBUNE that Weaver and Scott had intimated they were considering propositions from the Federal League.

Emphatic denial was made here today that Chase, Weaver and Scott had not signed their 1914 contracts with the club. All three have already affixed their signatures to Chicago American League documents. So far as can be determined, Weaver has not expressed any disposition with the terms made him by Charles Comiskey. He was asked by the Federal League to give his terms to jump and named \$20,000 for a three-year contract, with \$10,000 in cash. Scott's proposition is not known.

All three players are waiting the court's ruling in the Killefer case, which will determine the validity of the baseball contract. In the event that the contract is upheld an end will be put to the talk of players "jumping" this year's contracts. If the contract is knocked out of baseball chaos will develop and money will do the talking.

It was rumored today that Ned Hanlon was the Federal League agent who had been commissioned to talk business with the Chicago players now here and that he was already in the vicinity.

CANNOT CAST VOTES

Mrs. Seton and Mrs. Pauli, Suffragettes, Are Barred.

GREENWICH, Conn., March 25.—Mrs. Ernest Thompson Seton and Mrs. Herman Pauli, suffrage leaders, after years of work for the suffrage cause have discovered that even if the women of Connecticut should receive the right to vote, they individually could neither vote nor hold office. Both married foreigners who never have become naturalized American citizens.

Ernest Thompson Seton, author and naturalist, has lived in this country many years, but never has made an effort to become a citizen. He was born in England. Mrs. Seton, a native of California, was married to Mr. Seton in 1896. According to law, she cannot be considered of the same nationality as her husband. Only recently upon her return from abroad, and discovered that she was nominally an alien, subject to the immigration laws and liable to a head tax.

Mrs. Herman Pauli, who is present agent for the suffragists in this section, is a native of Colorado, and has even exercised the franchise in that state. Her marriage to Mr. Pauli, an importer, of New York City, made her an alien, as Mr. Pauli never was naturalized.

ARMY MAY HAVE NEW HEAD, REPORT

"General" Kelley, Deposed, Creates More Dissension

Aid to the Unemployed

SACRAMENTO, March 25.—That the selection of a new leader to succeed "General" Charles Kelley, deposed yesterday, will split the "Army of Unemployed" into further factions, was admitted today by the remnant of the band still camped on the river bank.

In the presence of District Attorney Wachhorst, Deputy Sheriff William Ahern and Joseph Lovredige, Kelley was called from his quarters in the county jail and cross-examined. He declared that he had been far in his dealings with the army, but refused to contribute from the funds at his command. The army will choose a new leader.

Edward Teeddale was convicted of the charge of vagrancy yesterday. His sentence will be pronounced later. Kelley will be tried on the same charge on April 6.

ARMY TO RETURN

COLUMBIA, March 25.—The detachment of the "Union Army of the Unemployed," which has been marching up the west side, will return to Sacramento. This march was decided by the men reached the Columbia county line. By an almost unanimous vote the men decided to go to Marysville, and thence back to Sacramento.

It is the general opinion here that this decision to return to Sacramento was reached because of the action of the "Unemployed" of Los Angeles deciding to march to Sacramento. It is said by members of the "Army" that the scattered members of the "Army" are in pairs and in little detachments. A few weeks, they say, there will be a big congregation of "Unemployed" again in the Capital City, and this time they will be scattered about and not confined to the sand lot as they were before.

WILL NOT ASSIST

Columbia positively refused to help the "Army" in any way, and told three committeemen, who came on ahead to make arrangements for food and lodging, that nothing would be done. The committee men asked for food and shelter, but were informed that they would get nothing unless they worked for it, and that the citizens were prepared to defend themselves should there be any trouble.

The "Army" is in camp three miles west of Columbia, and up to the present has made no attempt to march into the city. They will be permitted to march through town, but will not be allowed to stop. It is thought they will take a short cut and head for Marysville without entering the city.

JAIL IN WILLOWS

One member of the "Army" is in jail here and two others are in jail in Willows. The men were arrested on suspicion of having stolen a rig. When the committeemen learned of this refusal to feed them, they rode to Williams in a rig. Two jumped the motor and went to Willows, and the third returned to the camp. The committee at Williams, thinking that the men had stolen a rig, telephoned to Columbia and Willows and caused their arrest. The men in Willows say they were deserting from the "Army." It is not thought that they stole the rig, and they will probably be released.

ANOTHER COXEY'S ARMY

CLEVELAND, O., March 25.—President Wilson last night was warned of the departure for Washington of a second "Coxey's Army," which it is said, will start April 15 from Massillon, O., the starting point for the first "army" 20 years ago, yesterday.

"General" J. S. Coxey, of Massillon, the leader, last night mailed the President a letter telling of his plans, and a pamphlet on the "Coxey plan of setting the idle to work on making roads and other public improvements."

The "army" expects to arrive in Washington May 21, Coxey says, to petition the President and Congress for measures which will give work to the unemployed.

"This will give you 45 days to inform yourself of the value of this second march," Coxey's letter says, "and then consider the practicability and justice of our demands."

PUEBLO MEETS ARMY

PUEBLO, Colo., March 25.—A detachment of "General" Kelley's army of the unemployed, numbering about 150, reached here today, having come across the state from Grand Junction. Practically the entire police force, assisted by deputy sheriffs and railroad detectives met the incoming horde in the railroad yards and surrounded the "army."

Rockefeller's Stone Causes More Trouble

NEW YORK, March 25.—John D. Rockefeller has encountered further trouble in the removal of the huge stone, said to weigh 250 tons, which he is to take to Tarrytown from Long Island. The village boards refused to furnish a bond.

The board of water supply learned that the rock will have to be taken across the old Cretan aqueduct and demanded that Mr. Rockefeller build a steel structure over the highway at that point. Instead of horses, it is said a giant tractor, possibly two or three, will be used to draw the stone up the hills.

REBELS IN RETREAT, REPORT

Mexico City Hears That Federals Are Victorious

Juarez Hears No News From the Front at Torreon

WASHINGTON, March 25.—This message sent from Mexico City last night was received at the embassy here today:

"Rebels once more routed and repulsed at Gomez Palacio with heavy losses while trying to approach Torreon."

JUAREZ, Mex., March 25.—An atmosphere of pessimistic anxiety enveloped Constitutional sympathizers here early today over the possible fate of General Francisco Villa and his 12,000 rebel soldiers, who, at last reports, were engaged in desperate fighting at Gomez Palacio, a suburb of Torreon. Not for two days has any authoritative word come from the front, and press dispatches, which so far have been more reliable than the so-called official dispatches, have been lacking. Not even a courier has penetrated the desert between Torreon and Chihuahua and no communication by wire has been received for 48 hours.

New dispatches from Mexico City, received here last night, declaring that the Huerta government war department had issued a bulletin to the effect that Villa was in full retreat, are not believed generally.

TERRAZAS ANXIOUS. EL PASO, Tex., March 25.—General Luis Terrazas Sr. was in a state of great anxiety today over the fate of his son, Luis, who was reported under sentence of death at Chihuahua yesterday unless he paid 500,000 pesos to the rebels. No direct words of the fate of the younger man was received this morning.

15,000 Trout Stolen From Fish Hatchery

SAN BERNARDINO, Cal., March 25.—With three prisoners in the county jail charged with the theft of 5000 chickens, county officers were called upon today to hunt men who stole 15,000 trout which a private hatchery had prepared for market. The thieves carried the fish off in a truck.

Play Doctor and Die Of Own Medicine

FRANKLIN, Mass., March 25.—As the result of playing "doctor" while their mother was ill, the 4-year-old twins of Mr. and Mrs. Bernard McCahill are dead from drinking the contents of a bottle of gin. One, Joseph, died yesterday. The death of the other, Margaret, occurred today.

ALAMEDA PARLOR HOLDS ELECTION OF DELEGATES

ALAMEDA, March 25.—Alameda Parlor of Ladies Sons last night held an election of delegates to the grand parlor, which convenes in Los Angeles next month. Charles Gee, Al Kihn and Bert Shepard were elected delegates. The election was spirited, friendly rivalry existing between the candidates. The honor of being appointed a delegate to the grand parlor is a high one and the competition for the office is always keen.

HURLED TO DEATH

Teamster Run Over and Killed by Own Wagon After Collision.

SAN FRANCISCO, March 25.—While trying to control his frantic team of four horses following a collision with a car on Mission street at 8:30 this morning, John Jenkins, 50 years old, was pitched from his seat, trampled under the hoofs of the animals and run over by his heavy wagon. When picked up he was unconscious and died as he was being placed on the operating table at St. Luke's hospital. He leaves a wife and ten little children.

Jenkins is employed as a teamster for G. Mazzera, 4261 Mission street, coal, hay and grain merchant. He had hitched up his team and had just turned out of the yard when the wagon to town for a load when an inbound Mission road car, going at a rapid clip, struck the rear of the vehicle, ripping off a wheel. The horses, excited and nervous by the jolt which sent the shaft plowing into them, started to run. Jenkins leaned forward to get one of the lines which had dropped to the dashboard, and as he did so, was thrown forward by a sudden jerk. He fell under the horses' hoofs and a front wheel of the wagon passed over his neck. The team had run to Army street and was caught by two young men, who lifted Jenkins into a wagon and rushed with him to the hospital. It was found that his neck was broken.

The Jenkins children were just dressing to go to school when the camp, is handling the fight of the Davis man, and a spirited contest is expected. The Los Angeles candidate is at present at the Hotel Quinsland drunk up his friends about the bay for the election.

Brothers Brought Together for First Time in Years

ST. LOUIS, Mo., March 25.—Five years ago a mother died here and her three sons shook hands after the funeral and parted. Yesterday the brothers—all patients at the City hospital—were brought together for the first time since the death of their mother. They had not seen or heard of each other during these five years. The three brothers are Henry, John and Robert Griffin, 61, 58 and 41 years old, respectively. They had been at the hospital several weeks, but their relationship was first discovered by newspaper reporters, who noticed the similarity in their names.

The youngest had become blind during the years of his separation, the eldest was suffering from a fractured hip, and John was a patient for internal complications.

BOTH SEEK OFFICE OF DEPARTMENT COMMANDER

F. B. Tuttle, of Davis, and Dr. T. R. Summers, of Los Angeles, are the central figures in a battle between veterans of Northern and Southern California, when, at the San Diego state encampment of the Grand Army, they will oppose each other as candidates for the office of department commander. S. Wesley Martin, of Oakland, recently named national aide de camp, is handling the fight of the Davis man, and a spirited contest is expected. The Los Angeles candidate is at present at the Hotel Quinsland drunk up his friends about the bay for the election.

EARTH SHOCKS

HOW BOXING WOULD BE REGULATED BY COMMISSION

Harvey, Noted Authority Tells Advantage of the Plan

Inasmuch as it now seems fairly certain that an attempt will be made this year to introduce a state boxing commission as opposed to the bill absolutely prohibiting boxing in this state, the following article by Charles J. Harvey will be of considerable interest to the fans. Harvey is secretary of the New York Athletic Commission and in this article explains the advantage and workings of the commission form of regulation:

By CHARLES J. HARVEY.

Now that the New York State Athletic Commission has been established, the very healthy and solid condition of the boxing game at present refutes the croakings of the pessimists who at the inception of the commission predicted that boxing would not stand up very long with or without a commission.

It is true that the novelty of the law has been worn off, and the number of clubs lessened considerably, still the sport itself has reached a solid foundation and is yielding considerable revenue to the State Treasury, and affording amusement and recreation to a great body of our athletically inclined citizens. All that boxing really needed was control, the same as any other sport or business, in order to be successful. Both boxers and clubs realize that they are under control and the fear of punishment is a great incentive to the rules of the commission and the law.

The present law, known as the Frank Law, was passed by Governor Dix on July 25, 1911, and the State Athletic Commission, composed of three commissioners, officially organized on August 10, 1911. The first bouts under this law were held on August 29, 1911. For six years preceding this a similar law had been introduced in the New York State Legislature by Senator James J. Francis, and twice it caused both houses of the Legislature to fail of securing the necessary vote.

Boxing is of the strenuous type of sports in line with football and baseball, and having been previously conducted without legal supervision, naturally had been open to more or less criticism, but with the introduction of this commission and its new rules governing the sport, abolishing all the objectionable features and safeguarding the public, the club and the contestants, a marked improvement has been shown in all directions.

Soon after the New York State Athletic Commission had established itself, steps were taken to form, if possible, an international organization to control boxing throughout the world. This commission took the initiative and got into communication with the governing bodies of Europe and Australia, looking into the adoption of rules standardizing weights and recognizing penalties and rulings. Negotiations are still pending with the countries of France and Belgium, but the commission has expressed a willingness to join such an organization. Recently brought up the question of deposing Jack Johnson as world's champion. The governing body of France officially ruled that Jack Johnson was no longer champion of the world, and requested the State Athletic Commission to make the same decision. This the latter refused to do, as in their opin-

SCHAEFFER NOT VERY OPTIMISTIC OVER U. C. CHANCES

California and Stanford Meet Saturday in First Game.

UNIVERSITY OF CALIFORNIA, March 25.—With a team that seems notably less efficient than last year's and chiefly prone to ballooning it into the blue at times when it is most needed on earth, Coach Schaeffer is not overly optimistic. Saturday the Blue and Gold ties up with the Cardinal for the first game of the season, playing it on Stanford field. The great squad journeyed to Palo Alto Tuesday to look over the ground and try a little fielding practice on the strange field. Several of the positions on the team are still in doubt. In the first place it is not even known if Captain "Bip" Rubeke will be able to lead his fellows in Saturday's game, though the chances are pretty much against his being able to do so. His injuries have kept him laid up for some time. Monday he worked out a little but he is still pretty lame. Rubeke was performing at first up to the time of his injury, and Dodson has been worked out there since.

So far as prospects appear at present, Coach Schaeffer will try a team Saturday something like the following: Catcher, Sebastian; pitchers, Chapman, Street, Gelfand; first base, Dodson; second base, Hayes; third base, Gianelli; short, Forbes or Hovis; left, O'Hara; center, Adair; right, Ford. It is expected the coach will not make his announcement of the line-up much before Thursday, and perhaps not definitely then. So much tough stuff has been pulled in the past few games by the team in their present position, that there is hardly any present definite anywhere in the line-up.

The defeat of the varsity by U. S. C. Monday was a distinct disappointment to the campus. The team had lost to the SoCal varsity on the last year's game, and had expected to retaliate in style up here. Especially this was so after the freshmen had succeeded in trimming George Wheeler's aggregate. Last year a stiff was the waller handed the varsity by the Oaks on Friday, as that was somewhat expected.

Only the steadiness of Chapman in the box has prevented in several of the games larger scores being made on the backless varsity. In the game against the Oaks they were capable of six errors.

His unexpectedness in several of the games has been a sore spot. It is generally conceded that Captain Rubeke's strength on the field is being missed. He found it possible several times last season to steady his legs when they began to wobble, but his injury recently has been sadly lacking. It is expected that Coach Schaeffer will put Chapman into the box to open the game against Stanford Saturday. It is this year showing most confidence in Chapman's work on the field. There is evidence of considerable ability in Chapman's work on the field. In fact, one game and Street is also in better form than a month ago. The varsity have had some difficulty getting into condition, but most of their lameness seems now to have disappeared. Up to Saturday morning, when they were in Palo Alto, their work-outs constituted Schaeffer's plan.

MONEY WANTED

GOOD RESOLUTION
Just this: Keep your funds (and don't ignore small amounts) safely and profitably invested in LOMBARD & SON, INC. FIRST FARM MORTGAGES.
When you have \$25 or any larger amount on hand not needed at present, invest it in a certificate and have it earn 6%. When you have paid \$10 installments of \$20 each you get a \$400 certificate or 1-10th of a \$4000 mortgage on property worth over \$12,000.
If you have \$400 you may pay for the certificate in one payment, or buy as many certificates as you desire, or you may purchase an entire first mortgage farm loan, \$5000 to \$12,000, and be paid the resultant profit.
We shall be pleased to further explain these investments.

What Is the Metrostyle On the Pianola?

¶ The METROSTYLE is a simple device for controlling tempo and imparting the correct interpretation.

¶ Tempo and interpretation, vital elements in music, must be correctly handled or the beauty and significance of the composition will be lost. Most people do not possess the musical instinct or knowledge to vary the tempo and impart interpretation correctly—that is why most player piano music sounds mechanical.

¶ The METROSTYLE consists of a red line marked on the roll, and a movable pointer on the Pianola. The marking was made by a master musician while he played the composition as it should be interpreted.

¶ On the roll from the beginning to the end. You simply follow the red line with the METROSTYLE pointer—measure by measure, almost note by note the METROSTYLE executes for you the exact tempo and imparts the correct interpretation. You are instantly enabled to play as the master musician played, without practice or instruction.

¶ The METROSTYLE is exclusive to the PIANOLA.

¶ PIANOLAS from \$575 upward. Your present piano taken in exchange. Moderate payment terms if desired.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Color, Lustre and Thickness to Hair When Faded, Streaked or Gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and straggly, just an application of two of Sage and Sulphur restores its appearance a hundredfold.

Don't bother to prepare the tonic. You can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's Sage and Sulphur" because it darkens so naturally and evenly. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time. By morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

TWO CLEVER SKETCHES BY CHURCH MEMBERS

FRUITVALE, March 25. — Two clever sketches will be staged under the auspices of the Ladies Guild of Fruitvale Congregational church in the church armory, Tuesday evening, March 26. Members of the church who have reputation as amateur actors will take part in a sketch entitled "The Sewing Society," while a number of Fruitvale children will represent the characters in the "Mother Hubbard" comedy.

Those who will be seen in "The Sewing Society" are: Mrs. P. F. Fletcher, Miss Gladys Hucson, Mrs. Henry Wetherbee, Mrs. C. Bernard, Mrs. D. Graves, C. Courlegh and H. K. Fletcher.

The cast in "Mother Hubbard" will be: Miss Moffat, Mrs. Jack Strat, Dot Morwick, Mrs. Sprat, Pearl Blake, King Cole, Wanda Walrath.

EATING RELIEVES STOMACH TROUBLE

A prominent Physician's Advice

"Eat good foods and plenty of them. Dieting, in many cases, is almost criminal. Get back to normal. Do so you will have the proper quantity of nourishment. You need it for brain or physical work. Probably there is nothing the matter with your stomach except acidity. That is merely an abnormal secretion of acid in the stomach. Neutralize that acid and your stomach trouble will end at once. Neglect may mean ulcers if not treated. Medicine or pepper tablets for the stomach simply take a neutralizer of the stomach's natural acidity."

MRS. CHAMBERLAIN CLAIMED BY DEATH

Widow of Judge Well Known in Two Cities, Dies at 90 Years of Age.

Mrs. Susan Gower Chamberlain, widow of Judge Charles H. Chamberlain of San Francisco and Oakland, a pioneer worker in the Young Women's Christian Association and the Women's Christian Temperance Union in this city, died yesterday in San Francisco, where she had lived for many years. She had reached her ninetieth birthday. The infirmities of old age caused her death.

The decedent was born in Industry, Maine, December 9, 1823. As a young woman she taught the higher branches of study in eastern schools and was one of the most successful teachers in the east.

In 1853 Mrs. Chamberlain came to Columbia, Tuolumne county, to join her husband, who had preceded her in 1849. She was one of the pioneer teachers of that county and served as historian for Tuolumne county. After residing there for a number of years, Judge and Mrs. Chamberlain removed to a farm near Stockton and there they became agriculturists. While in Stockton, Judge Chamberlain was elected to the state assembly and the senate.

In 1864, Judge and Mrs. Chamberlain moved to San Francisco and in 1873 they came to Oakland and lived here about 35 years. She was a charter member of the Ladies' Relief Society of this city.

The decedent was one of the most prominent of the union reading association of which has grown the present free public library. The present building of the boarding home of the Young Women's Christian Association was largely due to the efforts of Mrs. Chamberlain.

The decedent is survived by a son Col. W. H. Chamberlain, an attorney of San Francisco and three grandsons, C. E. Chamberlain, H. W. Chamberlain and G. W. Chamberlain, all of San Francisco but formerly of Oakland.

The funeral will be private and the interment in the cemetery.

How to Make Better Cough Syrup than You Can Buy

A Family Supply, Saving \$2 and Fully Guaranteed.

A full pint of cough syrup—as much as you could buy for \$2.50—can easily be made at home. You will find nothing that takes hold of the ordinary cough more quickly, usually conquering it in side of 24 hours. Excellent too, for spasmodic croup, whooping cough, bronchial asthma and bronchitis.

Mix one pint of granulated sugar with 2 1/2 pint of warm water, and stir for 2 hours. Add 1/2 cup of Pinex (15¢ per bottle). Put in a pint bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

This is just laxative enough to help relieve a cough. Also stimulates the appetite, which is usually upset by a cough.

The taste is pleasant.

The inflamed membrane and sugar syrup on the inflamed membrane will kill the Pinex. A most valuable concentrated compound of Norway white pine extract, rich in quaiacal and other natural oils will not work in this combination.

This Pinex and Sugar Syrup remedy has often been imitated, but the old successful mixture has never been equalled. It is now used in more homes than any other cough remedy.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., St. Wayne, Ind.

Western Hearing HEARING DELAYED

Franchise Extension Plan Laid Over One Week by Council.

This morning the Oakland city council continued the hearing of the request of the Western Pacific Railway Company for an extension of time in making improvements on its deep water terminal one week, setting Thursday morning, April 2, for a full discussion of the matter. The delay was asked for by Owen E. Hotte of the harbor committee of the Oakland Commercial Club, and agreed to by Attorney Charles E. Snook, representing the Western Pacific.

Hotte stated that a committee composed of himself and several members of the city council had been appointed to make an investigation of the Western Pacific matter, and this committee was not yet ready to report. He said that the committee would be ready to report in a week's time and asked for the continuance of the hearing.

The council was agreed to by Snook and the representatives of the other commercial bodies present including A. Jonas, president, and A. A. Denison, secretary of the Oakland Chamber of Commerce; Wilbur Walker, secretary of the Merchants' Exchange, and E. A. Young, of the Alameda Exchange and the Chamber of Commerce. In reply to Hotte's request for a continuance Commissioner Fred C. Turner said:

"I am perfectly willing to grant a delay if it will not work a hardship on the Western Pacific. This company is in the position of coming before the city council with clean hands and owing to the fight that it made, order to assist Oakland to retain control of its waterfront is entitled to every consideration that does not jeopardize the interests of the city."

"Oakland today owes its waterfront control to the Western Pacific, for when we were doing nothing more than making a court fight for delay the Western Pacific maintained an entirely new point and continued a battle on that point which won the city's harbor for the people of Oakland."

"If a delay is acceptable to the Western Pacific I am willing to grant it, but let us get on with the hearing."

Attorney Snook stated that the Western Pacific was asking until February 1 of next year to finance the improvements required under the franchise and two years in which to complete them. He said that the temporary stay of proceedings granted by city council in the matter expired on April 18, and the time for the Western Pacific to present its side of the case was growing short, but he was willing to allow the matter to go over one week, provided that the other commercial bodies were willing. It was then continued one week by general consent. Hotte stated that the Commercial Club committee would have its report ready at that time.

MOTHERS SEEKING VILE MISCEANT

Federation of Clubs Issues a Warning Against Man Annoying Little Children.

Members of the Federation of Mothers' Clubs are up in arms concerning the actions of a man who has been terrorizing school children and little girls under school age for the past week. The police have been asked to keep a close watch for the man and cause his arrest.

The man is believed to be mentally unbalanced. He has made several attempts to lure children to secluded places and vacant houses, and has been seen lurking about school grounds in several parts of the city.

The Federation of Mothers' Clubs at a meeting held yesterday afternoon passed resolutions calling upon the parents of school children to be on their guard against the man, and to notify the police immediately. They have been asked to warn the children to stay away from strangers.

The executive committee of the Federation of Mothers' Club declares that three nights ago the man accosted a girl of nine years and asked her to follow him to his home. He gave her a dollar.

The child could not understand the address, and took the note to her mother. Investigation proved that the address given was that of a vacant house in which the man had been waiting. He had disappeared when the parents of the little girl led a committee of citizens to the scene.

The following resolutions have been passed by the executive board of the Oakland Federation of Mothers' Club:

"The Federation having been informed that a miscreant has frequently of late been seen in the neighborhood of schools, annoying the little children, we think it wise that parents should be on their guard and aid in his apprehension."

Earthquake and Storm Causes Messina Panic

MESSINA, Sicily, March 26.—An earthquake, followed by a violent storm, caused a panic today among the inhabitants, most of whom fled to the open country. When the storm subsided it was found that the damage was insignificant and that nobody was injured.

Admits Starting Fire; 'Bad Man,' His Boast

SAN FRANCISCO, March 26.—Boasting of his prowess and of his past record as an all-around bad man, Walter W. Devornton was arrested at this time today at the Hotel Belmont and confessed to setting fire to the Hotel Ben Lomond, Ben Lomond, Cal., which was recently burned to the ground. He said that he had been hired to fire the building, but had been unable to find his employer after the structure was destroyed.

His told Detective James J. Jones, who took him into custody, that he was wanted for attempted murder in Fresno, where several years ago, he tried to kill a man named Gould.

MISSIONARY SOCIETY TO HOLD CONFERENCE

The Woman's Missionary Society of the Oakland Presbytery will meet in annual conference tomorrow, at the First Presbyterian church, holding sessions beginning at 10 a. m. and 1:30 p. m., respectively. At the noon hour, a luncheon will be served in the church parlors.

The morning session will be called to order by the president, Mrs. J. P. Gerrior. Following devotional exercises, reports of committees and field secretaries will be rendered. The election and installation of officers for the ensuing year will take place during the morning meeting.

At the afternoon session, papers on subjects of interest to the work will be read. The principal address of the day will be delivered by Dr. Henry Ostrom.

At the meeting of the Presbytery Executive Committee, to be held on the first Friday in April, there will be an official conference on all branches of the work. This will be an open meeting.

DISTINGUISHED NEW YORKER IN OAKLAND

Charles M. Clark, treasurer of the Bradstreet Company of New York, accompanied by his wife, were recent visitors in this city, where they were the guests of C. J. Weisman, division superintendent of the Bradstreet Company and J. R. Munsell of San Francisco. In the Clark party were Mr. and Mrs. Clark, Mrs. S. W. Millikan, Miss Clark and Master Carl Clark. They traveled in their private car "Advance," having left New York last February. They marveled at the beauty of Oakland and were impressed with the numerous industrial and commercial resources. The travelers will tarry a short time in Yosemite valley prior to returning to New York.

CHANGE YOUR LUCK!

Get a "Bull" Durham Pocket-Piece and Freeze Onto It.

"Heads you win, tails you lose," says "Bull" Durham, and "Tails you lose—if you don't smoke Bull Durham."

That's the way the new pocket-piece reads. It's a Jim Dandy coin, too—a bright, shiny, solid copper luck-bringer. Get hold of yours today when you go to buy that sack of "Bull." Carry it in your clothes all the time and every chance you get give it an extra rub. Every man likes a pocket-piece—but it isn't often that you can get a specially designed Lucky Lou like this one.

This new bit of pocket furniture is just what you need. It's a "Bull" Durham Company is giving away with "Bull" Durham smoking tobacco in order to show "Bull" users that the makers of "Bull" haven't really forgotten them. And inasmuch as the sales of "Bull" Durham are going up hickety split every month, it shows that the users of "Bull" haven't forgotten either.

Get in there today and get yourself one of these "lucky" pieces. You'll have a lot of fun out of it.

EASTER HANDBAGS

NOW IS THE TIME TO GET READY TO KILL ANTS.

They'll Be Swarming Around as Soon as the Days Get Warm and Every One Should Be Ready to Greet Them.

Were you troubled with ants last year? They'll be back on the job again pretty soon and the time to get after them is right now, because they'll make their appearance the very first hot day.

Bowman's Ant Polson is made after the formula advised by the authorities of the University of California, who have carefully studied the local ant nest. This poison kills off the ant colonies and thus gets at the base of the trouble.

If you are interested in this subject we will be very glad to go into the matter in detail at the store. The Argentine ant situation is a serious matter and unless our local people effectively kill off the colonies the trouble will increase. It is of no practical value to drive ants from one part of the house to another. The queens must be killed, and Bowman's Argentine Ant Polson will do it—25c a can.

around kills off the ant colonies and thus gets at the base of the trouble.

sponge free. Extra feeders 5c each.

IT'S ABOUT TIME TO PUT UP EGGS.

Be Sure to Get Your Silicate of Soda at Bowman's.

Eggs are getting cheap enough to put up. Farmers are selling them, in case lots, at 15c a dozen, we are informed, which would bring them around 20c a dozen landed in Oakland.

When you are ready to put yours up be sure to get your Silicate of Soda at Bowman's, as we make a specialty of preparing it for this particular purpose.

It is the easiest thing imaginable to preserve eggs successfully and full instructions are given upon the label of each bottle of our Silicate of Soda.

For 25c you can put up several dozen, and when they get to be 50c and 75c a dozen you'll find it a very agreeable occupation to be able to go down into your basement and get eggs (just as good for all cooking purposes) that cost you 20c a dozen. Everyone who put them up last year was successful. You can't fail if you use our Silicate of Soda, and follow directions.

HERE'S A GOOD IDEA:

A friend of the writer's has a novel and most excellent scheme. She has two interesting children and ever since their babyhood has made it a practice to kodak them in all sorts of ways. A copy of each of these pictures has been placed in a safe deposit box and the collection is already most interesting and quite valuable to her.

She has been doing this now for more than 12 years and has a complete pictorial history of the lives of her children.

Few people appreciate the value of systematic amateur photography. A picture, like many other things, improves with age, particularly when it portrays some happy event.

Bowman's Kodak know, are headquarters for all things of a kodak character.

REJUVENATE YOUR OLD STRAW HATS.

Make Them Do For Another Year—It's Easy.

This is the time to get out your old straw hats and rejuvenate them for "just one more season."

This will be a great year for black straw and we have the very thing to make a beautiful jet black straw out of any color, whether it is soiled or faded or perfectly clean.

This preparation is called Blacko and anyone can apply it. It is waterproof and goes on with a little brush.

Blacko, by the way, will blacken anything from straw to steel and from wood to leather. It's the handiest little article to have around the house or the workshop or the garage you ever saw. It doesn't dry up and get sticky, it needs no mixing, every drop is always useful and it only costs 25c a bottle.

We also sell Bowman's Hat Bleach at 25c. The Hat Bleach will clean all dirty, soiled and stained straw hats to a beautiful white.

Therefore, whether you want black or white, we have the stuff that will get the result you prefer.
